

## 2012 Membership Notice

As the 2011 membership year draws to a close, we look back at the growth within the City of Melfort and within the Chamber of Commerce itself. Throughout 2012, we will continue to grow and unite the many aspects of our community in an effort to plan our future development while providing the community with a wide array of events, promotions and projects. It is only by memberships in the Chamber that we have the ideas, drive, goals, manpower and financial ability to help create the environment for business to prosper.

Many believe that the Chamber gathers statistics, prints brochures, visits new businesses, answers enquiries and runs the tourist centre; and they are right up to a point. Those are the day to day things done as a matter of routine because they need to be done. The Chamber of Commerce is a common vehicle through which businesses in our community work together for the community, to create better conditions for business and families to grow.
